

Jim Harding, Patient

“ My loved ones and I are anxious about my procedure. I wish everything goes smoothly, and I can keep everyone informed and reassured.

## HEALTHCARE PROCESS TODAY

- I'm not exactly sure that I'm doing everything I'm supposed to do!
- I wish I could make sure that patients followed protocol and we had lower readmissions
- How is Jim doing? Is he OK? What can I do to help?
- I wish I had clear instructions from the Doctor about helping Jim recover

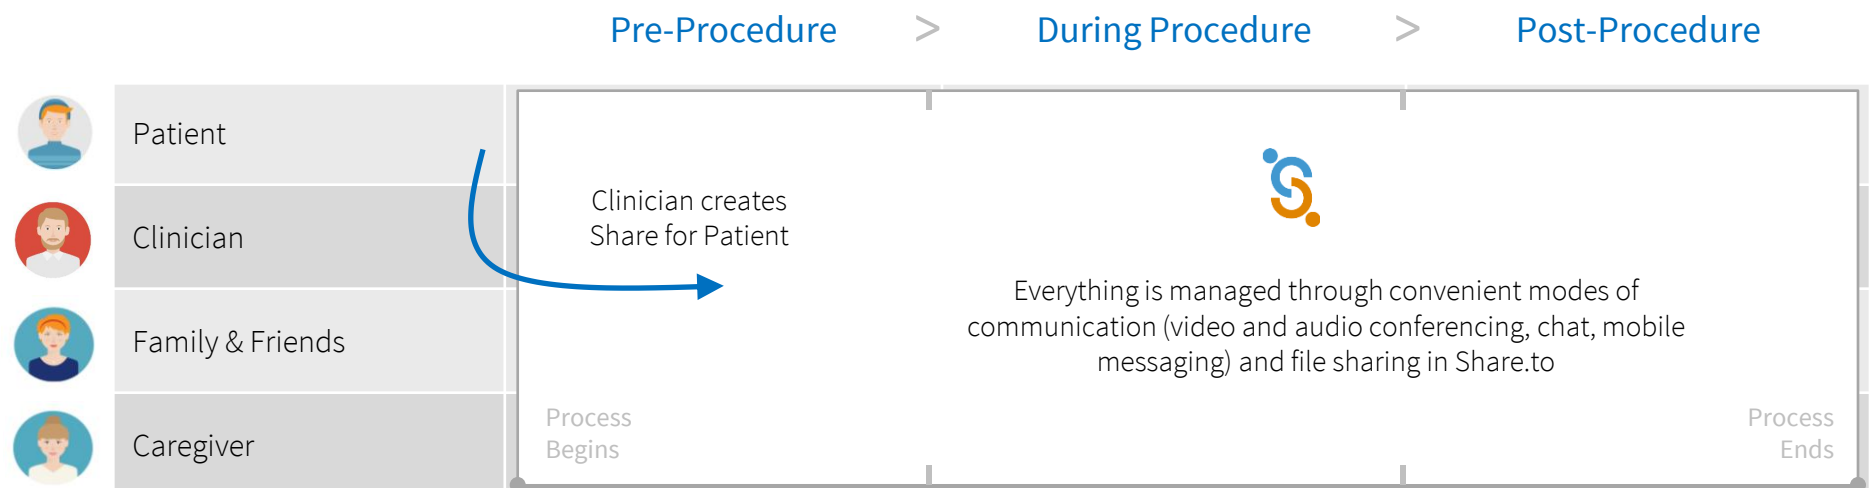

### THE OUTCOME

Information resides in as many as 6 tools

- LACK OF TRANSPARENCY
- INCORRECT EXPECTATIONS
- HIGHER READMISSIONS
- LOST INFORMATION

## HEALTHCARE PROCESS WITH SHARE.TO

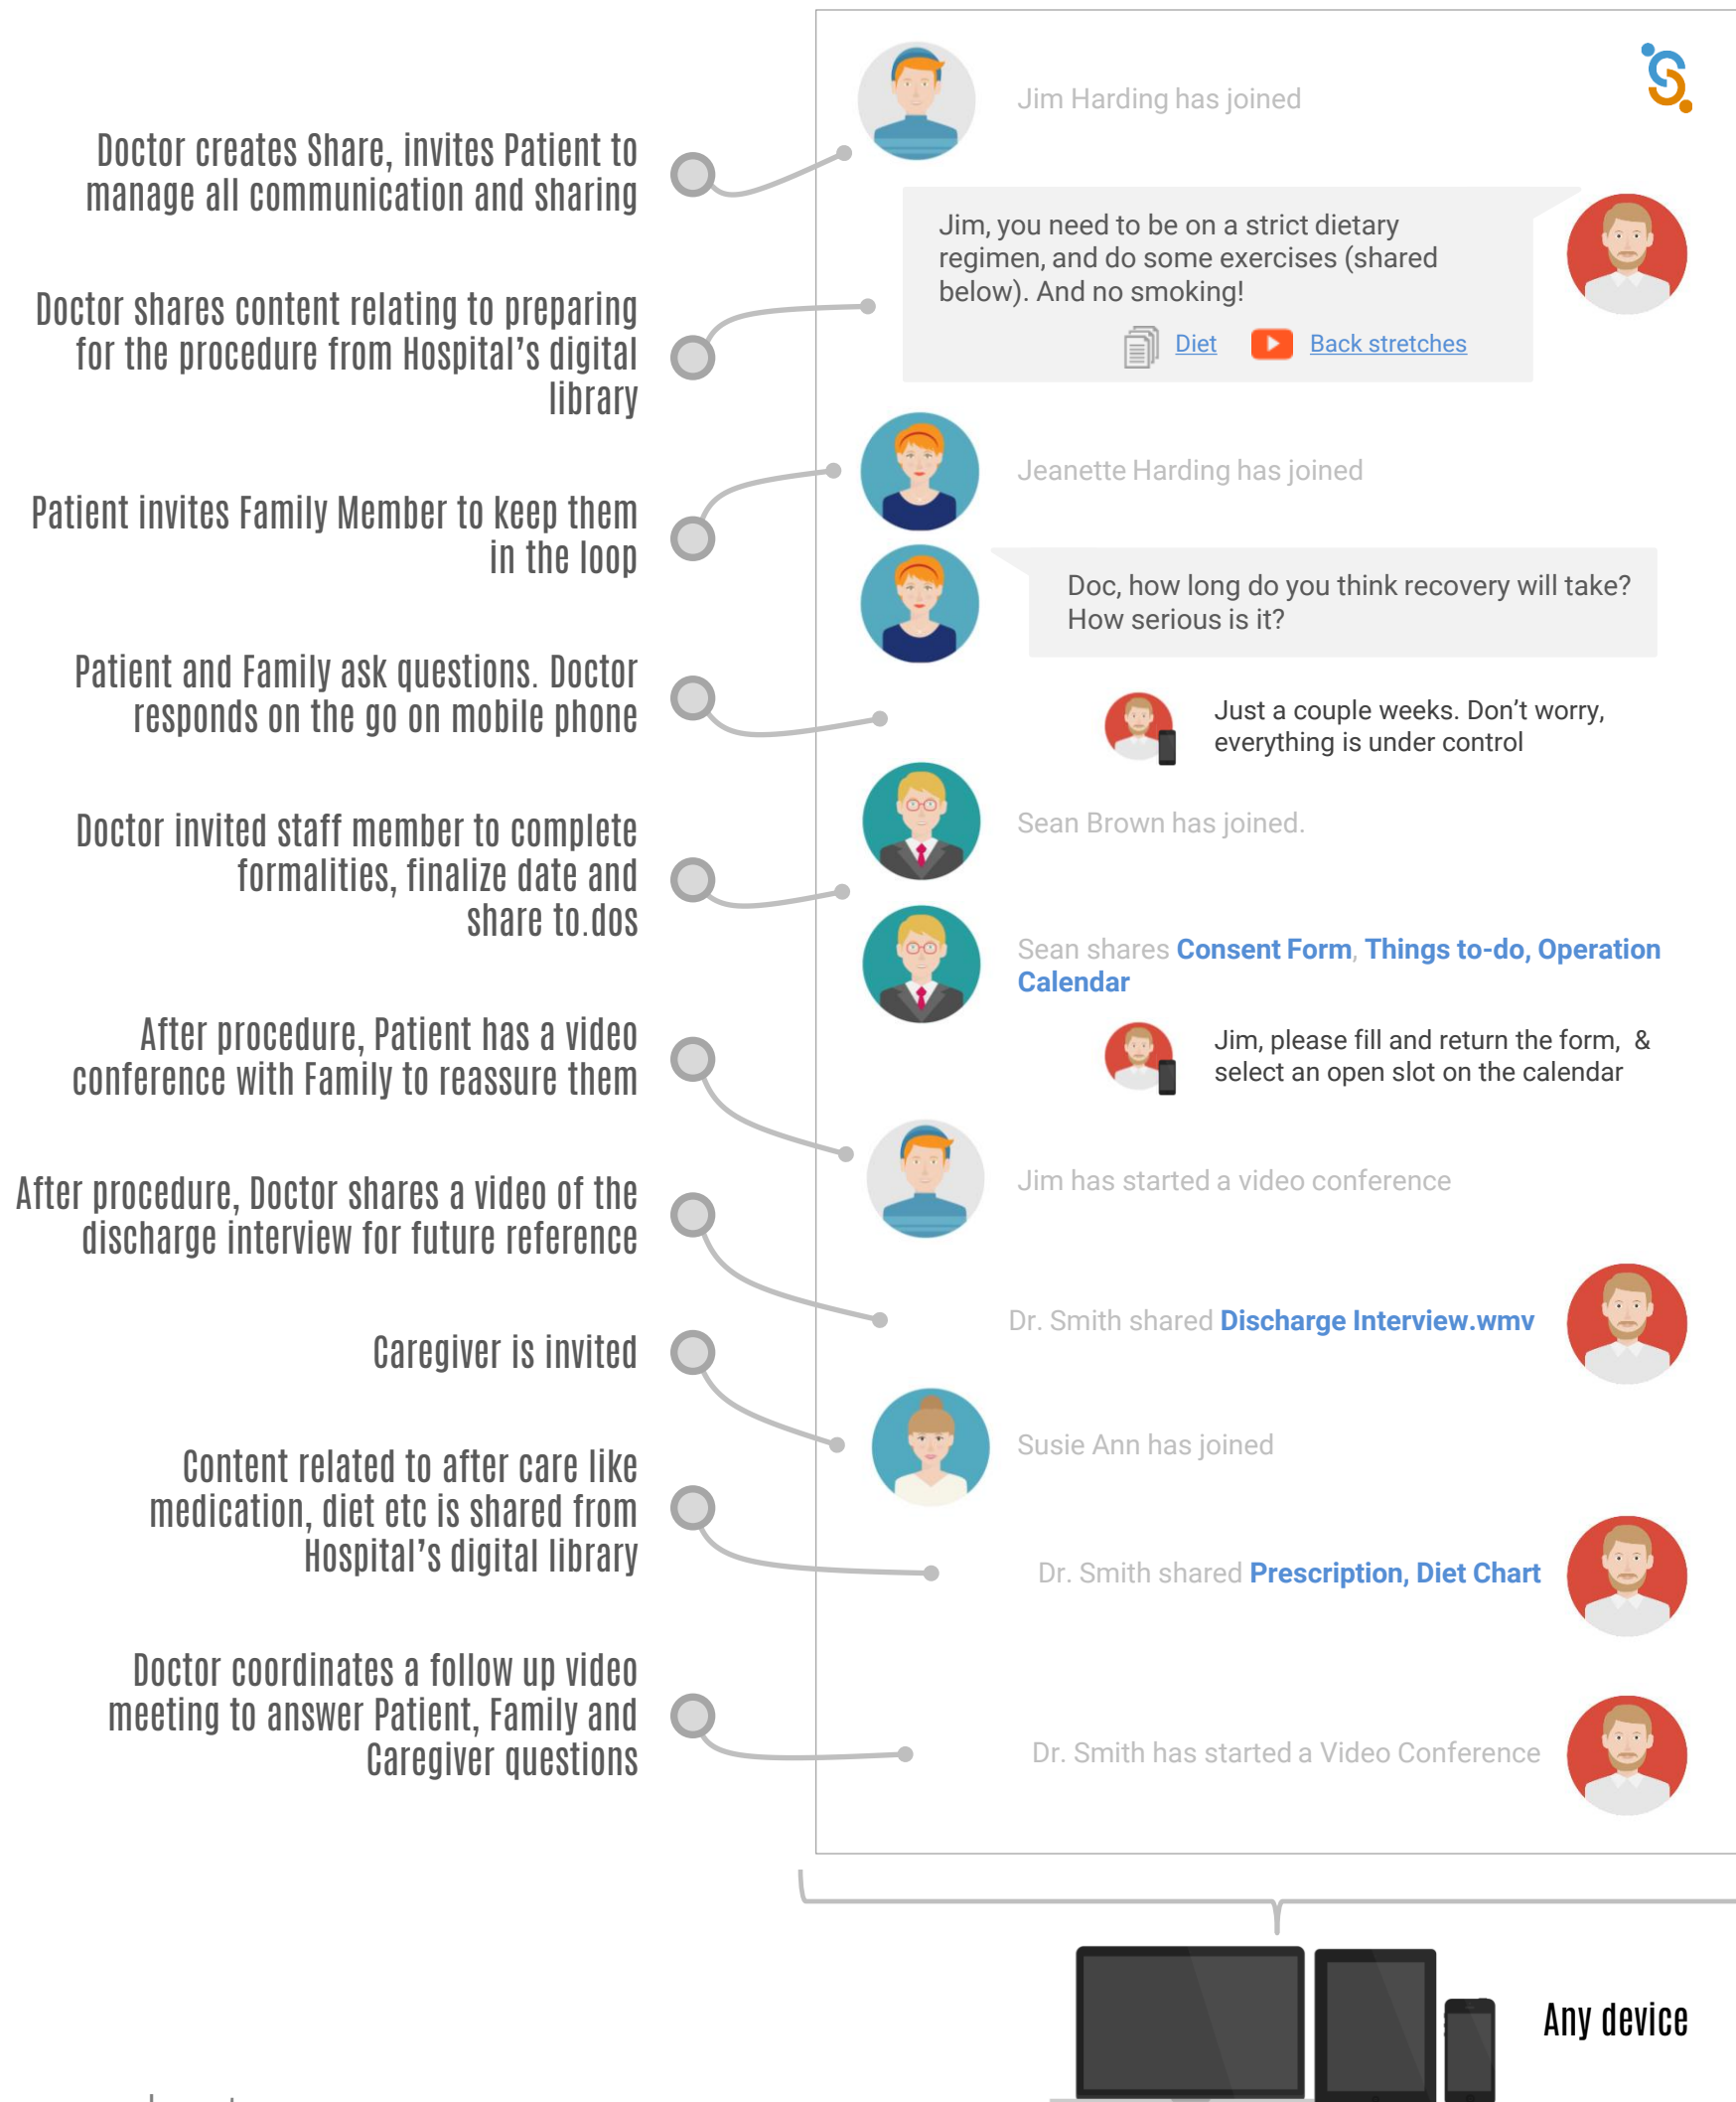

### THE OUTCOME

Single place to interface with patient & record info

- TRANSPARENCY
- ACCURATE EXPECTATIONS
- BETTER COORDINATION
- LOWER READMISSIONS

# Healthcare process managed through Share.to
